

308 X YES IS A VOTE FOR YOUR CHILDREN

ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 school teachers in the public schools of Oregon, but 13 per cent have been trained for their profession of teaching in Normal Schools.

It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years teachers who have graduated from the Monmouth Normal as against 39 Monmouth Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 91 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

ONLY COSTS 4 CENTS PER \$1,000

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 25th of a mill or 4 cents on a thousand dollars of taxable property. Isn't it worth this to have your children trained to become useful and productive citizens?

STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal; W. J. Kerr, President of the Oregon Agricultural College; P. L. Campbell, President of the State University; Robert C. French, former President of the Western Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school."

All the above educators insist that a Standard Normal School must be located in a town of 5000 or more population and having enough grade pupils for teaching practice.

VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states.

Vote YES for No. 308.

PENNSYLVANIA WILL HEAR HUGHES ONCE

Ends Ohio Campaign After
Trip Through New Jersey
Will Rest

By Perry Arnold.

(United Press staff correspondent.)

Akron, Ohio, Sept. 27.—Nominee Hughes finished his tour of Ohio today, sore of throat and tired of body. He was yanked out of his bed shortly after 7 o'clock to make a rear end speech here. He was due for a more extended address at Canton and then rest until noon, when he was due to arrive in Pittsburgh.

With his stops here and at Canton concluding his Ohio stumping experience, it was estimated today that the republican nominee has been seen by about 75,000 Ohioans and has spoken to probably 50,000. Despite the fact that he was almost tired out and his voice nearly gone from his three days' tour in Indiana, the candidate "pulled" more new speeches and touched on more subjects in the Buckeye state than he has in any previous three days of campaigning. For the most part his criticism of the democratic administration was directed at the Adamson eight hour bill and the Mexican policy—but he embellished his attacks with a never line of logic than he has developed in some time.

This afternoon Hughes was to make his first speech in Pennsylvania since becoming a presidential candidate. He was due to speak twice in the Smoky City. Leaving the Keystone state to-night after this one brief appearance Hughes was due tomorrow at Trenton and Jersey City for brief addresses, swinging northward into New York state on the day following.

Hughes will have at least a week's rest in New York City after he returns from his trip on October 1. Complete relaxation will be necessary if the candidate is to finish his stumping tour. It may be that he will go down on Long Island in order to obtain complete seclusion.

Mrs. Hughes is concerned over her husband's ability to withstand many more of the sort of campaign trips he is now finishing, particularly that his throat may go back on him. Moreover, the governor, in his moments of relaxation today, looked tired. Once on a platform with several thousand cheering people in front of him, he is able to throw off that weariness and appear revived and full of energy.

Seattle, Wash., Sept. 27.—After unwinding considerable red tape, A. J. Dahl has finally registered today as a prisoner at the McNeil Island federal penitentiary. He had been refused admittance last Friday. Dahl spent some time and energy convincing the authorities he should be locked up, and finally had his way.

Dahl, a former railroad conductor, was convicted of smuggling Chinese into this country, and sentenced to the government penitentiary for 15 months. He appealed.

Last week Dahl decided to stop fighting the case and went to McNeil's to begin his sentence.

"Sorry," said the warden, "but there's nothing doing—I have no commitment for you."

Dahl returned to Seattle and finally persuaded the authorities here to issue the proper papers.

CHICAGO IS STIRRED OVER NUDE IN ART

"The Lady and the Turtle"
Starts "Septemlber Morn"
Discussion Again

Chicago, Sept. 27.—Is the painting of a nude woman watching a turtle naughty or not?

Chicago which started "Septemlber Morn" on her way to fame eagerly debated the question today. Incidentally all Chicago that had time, rushed to the display window of the artist guild.

Neither the turtle nor the lady have any covering other than that provided by nature. Arthur Burrage Farwell of the Law and Order League, objected to the display. Bolton Brown of New York is the artist.

"Club women, who failed to defend 'Septemlber Morn', rushed to the defense of the Turtle Lady. 'Septemlber Morn' was looking at nothing except her public bath but the turtle is evidently a student of nature."

"As a principle, there is nothing impure in the nude," said Mrs. William F. Grower, vice-president of the Municipal Art League. "I think objections to nude art are too narrow and old fashioned to merit consideration."

"Having painted the nude myself when I was abroad, I would be the last to object to it," said Mrs. Harlan Ward Cooley, president of the Chicago woman's club.

"The use of the nude—or semi-nude in advertising, I object to," said Mrs. Edward Lyman Lobdell. "Corset and underwear advertising are demoralizing. A nude art work, sincerely done, cannot meet with objection from any one of broad intelligence."

SALTS IF BACKACHE AND KIDNEYS HURT

Drink Lots of Water and Stop
Eating Meat for a While
If Your Bladder
Troubles You

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach soars, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effective.

Blackmailers' Sucker List Found by Police

Chicago, Sept. 27.—The police have discovered what they believe to be the

"sucker list" used by the supposed blackmailers in finding victims here. The book, a small yellow volume, contains names of dozens of prominent Chicagoans with their telephone numbers and addresses.

Federal Investigator Clabaugh, who is closely guarding the book at this office today, said it would be given to State's Attorney Hoyne for use in his investigations. Its contents will not be revealed at present, but officers say that, aided by names and the information in the small book, they will unearth dozens of plots to victimize Chicagoans.

If You Suffer from Backache, Lumbago, Kidneys or Rheumatism Take Hot Water and "ANURIC"

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
